## Milling Machines: Bridgeport Series 1 EZ

# This is the EZ-TRAK CNC Milling Machine. Combine the Series I with an easy-to-use control, and you have the EZ TRAK CNC. With the EZ TRAK, operators can alternate between manual and automatic milling as their application demands.

## Machine Tool Sales Online

As the UK's stocking distributor for MACH Machine tools, we can supply manufacturers with best-in-class manual milling machines, lathes, drills, grinding machines and a range of other workshop equipment that all carry the iconic MACH Machine Tools' brand. Our product range also includes cnc machines, used lathes, xyz machine tools, CNC machinery, used milling machines and used machine tools.

## Wells

Starting at \$15,950 Wells-Index mills have a completely different milling head design than any other milling machine in the world. Most heads are based on a Bridgeport design and have been cloned by Taiwanese and Chinese manufacturers.

## Hardinge

Hardinge is a manufacturer of advanced metal cutting solutions including CNC lathes, mills and grinders as well as workholding and accessories.

## Bridgeport Milling Machines

The classic Bridgeport Series 1- a 1966 "Model 9BRJ" and "Model 12BRJ" - so called because they were fitted with a table either 9 or 12 inches wide and a 1-H.P Model J Head (the Series 1 was listed for the UK market with tables lengths of 32, 36, 42 and 48 inches with, respectively, 20, 24, 30, and 36 inches of longitudinal travel; all the tables were 9 inches wide and had 9 inches of cross ...

## Bridgeport Products | Hardinge

Bridgeport's innovative technology provides superior accuracy, repeatability, a large load rating, stable accuracy, high rigidity and low friction optimum for small to medium parts.

## **Big Joe Milling Machine?**

A few years back, some of us chipped in to buy the contents of a small garage shop from the widow of a deceased toolmaker. Amongst the machinery were two genuine Bridgeports, and a "Big Joe" milling machine.

## **Machine manual, operator manual, manuals, Deckel and Tos ...**

Machine manual, operator manual, manuals, Deckel and Tos. We sell and copy a wide variety of machine manuals and operator manuals for lathes, mills and other engineering equipment.

## **Bridgeport Milling Machines**

For most late-model machines (catalogue [here](#)) the Model 2J2 was the "Standard" and much improved head offered for the Series 1. It had a 2 hp. (1.5 kW) motor driving an expanding and contracting pulley system, incorporating a lathe-like "backgear", to give infinitely variable speeds from 50 to 3750 rpm.
